UKIAH WINS SILVER TROPHY

Annual Field Day of Mendocino--Sonoma High School Contest

We take the following from the Santa Rosa Press-Democrat's account of the S. M. A. A. L. field day contest of last Saturday:

Ukiah High school, first, 62½ points.

Santa Rosa high school, second, 55 points.

Petaluma High school, third, 16 points.

Healdsburg High school. fourth, 1½ pounts.

In glorious sunshine and amid hurrahs and horn tooting of their admirers the athletes of four High schools, three in Sonoma county and one in Mendocino county, did their best in the various events on the program of the annual field day of the Sonoma-Mendocino Amateur Athletic League, held in this city on Saturday. While no records were broken, the field day will go down in the history of athletics as being the closest scoring for the first and second places that has transpired since the formation of the league. The events attracted hundreds of persons at the race track Saturday afternoon and were well contested. The fact of the presence of so many of their fair admirers in addition to the commendation at the hands of the fellows, and above all with the reputation of their school in the athletic line at stake, furnished inspiration enough for everyone of the lads in the contest to do his best.

The hardy lads of the Ukiah High school, as the above score indicates, won the field day. This was practically a foregone conclusion. It was not by a great margin of points that they bore home the silver trophy. They had a formidable opponent in the well trained lads of the Santa Rosa High school and some of the events that the Mendocino county team expected to win were won by Santa Rosa. The local team did well and the second place to them is certainly a place of merit. The way in which they did things brought down the grand stand and caused the countenance of Principal E. M. Cox to wear the broadest smile it has worn for some time in public. He praised his boys considerably.

The field day passed off pleasantly for all concerned and the winner of the trophy carries it away with the best wishes of the other teams, who tried and did what they could. Under the rules governing the league the successful individual winners will have the distinction of wearing neat medals to remind them of the fact that they have participated in some of the Isthmian games. The attendance was one of the largest in the history of the league. The grand stand was packed. The girls were out in full force in their dainty light summer gowns and their picture hats. They assisted nobly in the horn chorus and joined heartily in the college songs and yells. The song was something of an innovation and the chorus blended well. The horn chorus did not, but it showed the interest taken in the success of the competitors. Not a good point on the part of any competitor was omitted notice from the stand, though each team had its particular friend.

The following is the summary of the field day:

50 yard dash—Healey, Petaluma, 1; Roth, Ukiah, 2; Hitchcock, Santa Rosa, 3. Time 5 3-5 seconds.

100 yard dash—Roth, Ukiah, 1; Healey, Petaluma, 2; Gray, Santa Rosa, 3. Time 10 3-5 seconds.

220 yard dash—Roth, 1; Healey, 2; Gray, 3. Time 28 2-5 seconds.

440 yard dash—Rawles, Ukiah, 1; Poehlman, Petaluma, 2; Wilton, Santa Rosa, 3. Time 55 4 5 seconds.

880 yard dash—Smith, Santa Rosa, 1; Rawles, Ukiah 2; Schnaupp, Santa Rosa, 3. Time. 2 min. 6 2-5 seconds.

Mile run—Smith, Santa Rosa, 1; Dillingham, Ukiah, 2; Briggs, Santa Rosa, 3. Time, 4 min. 52 4-5 seconds.

120 yard hurdles—Horton, Ukiah, 1; Jacobs, Santa Rosa, 2; Carpenter, Ukiah, 3. Time, 19 seconds.

220 yards hurdles—Horton, 1; Jacobs, 2; McConnell, Santa Rosa, 3. Time, 27 4 5 seconds.

Pole vault—Hitchcock, Santa Rosa, 1; Henley, U. H. S., 2; Page, Santa Rosa, 3. Distance, 10 feet.

High jump—Page, 1; Du Bois, Santa Rosa, 2; Horton, Ukiah, and McDonough, Healdsburg, 3. Distance, 5 feet 6 inches.

Broad jump—Rawles, 1; Jacobs, 2; Miller, Healdsburg, 3. Distance, 19 feet 9 ½ inches.

Hammer throw—Cunningham, Ukiah, 1; Schnaupp, Santa Rosa, 2; Page, Santa Rosa, 3. Distance, 135 feet 2 inches.

Shot put—Horton, Ukiah, 1; Ford, Ukiah, 2; Parsons, Santa Rosa, 3. Distance, 46 feet 3 inches.

Mile relay race—Santa Rosa, 1; Ukiah, 2; Petaluma, 3. Time 3 minutes 27 seconds.

At the business meeting of the officers of the league held after the field day each school was awarded thirty dollars and there will be enough funds to purchase the trophy and the medals and there will be a surplus in the treasury.

Service Only at Night

There will be no morning service at the M. E. Church South next Sunday, the pastor being called to perform a marriage ceremony at Cloverdale that day. Regular service at night, special sermon to young people; subject "Heroes and Cowards."

Mountain Retreat Sold

John S. Hodgson, formerly of Willits, who lately returned from a visit to England, has purchased from Mrs. Sedding, formerly Mrs. Beilby, the Mountain Retreat place on the Low Gap road. Mr. Hodgson will reside upon his new purchase.

Ukiah's School Census

The Ukiah school census, taken by Bernard Saunders, was completed a few days ago and shows the following facts. Number of boys between 5 and 17 years old in the district 308; number of girls between same ages 303; total 611. Girls and boys under 5 years, 179; total number under 17 years 790. These figures show an increase of 80 census children in one year, and gives the district a corresponding increase in school money.

Miller-Tack Marriage

A very quiet wedding took place at 9 o'clock Wednesday evening of this week at the residence of attorney and Mrs. A. J. Bledsoe of this city. Henry H. Miller, proprietor of the Palace barber shop and Miss Catherine Tack, a niece of Attorney Bledsoe were joined in the bonds of matrimony Rev. J. C. Bolster officiated in the ceremony. Both the contracting parties are well and favorably known in Ukiah where they have many friends who will be glad to know that their love has culminated in happy wedlock. The groom was at his place of business Thursday morning on time, calm and self-possessed, but with a countenance beaming with a quiet joy. We extend congratulations.

A license was issued Wednesday by Cupid Ganter, authorizing the marriage of Chester C. Stanley of Sausalito and Miss Pansy V. Johnson of Willits.

Mrs. John Thornton was taken to San Francisco Tuesday for medical treatment.

GUILTY OF MANSLAUGHTER

The Jury Finds Steve Tarter Guilty on the Third Ballot

The third trial of Steven Tarter for the murder of Charlie Solax at French, three miles from Needle Rock, last July, began in the Superior Court here on Tuesday of this week. District Attorney Duncan and Attorney T. J. Weldon conducted the prosecution and Attorneys W. P. Thomas and J. E. Pemberton the defense. Only six jurors were secured out of the entire list of fifty drawn, and a special venire had to be issued. The following jurors were at length sworn to try the case:

W. H. Chessall, David Boyd, E. J. Furlong, C. M. Ornbaun, James Hixon, E. F. De Camp, Robert Chipps, C. E. Leavitt, C. W. Bradford, T. M. Cleland, George Ells, L. O. Morby.

The evidence for the prosecution was to the effect that on the day of the killing Charlie Solax, Mollie Patton and a man named Stanford were at Tarter's roadside saloon. That Solax had a $20 bill when he arrived there. That he presented the bill at the bar for change to pay a bill of $1.50 which he owed a man named Bell. That Solax treated those present, including Mollie Patton, to drinks at the bar and that Tarter raked in all the money ($10) and refused to give Solax his change. That Solax demanded his change and called Tarter an old —— — — —— and then went outside. That soon afterward Tarter went out on the porch and then went back into his bedroom, got his 40-60 Winchester rifle and again came out onto the porch and shot Solax, who was standing six or eight feet from the end of the porch. Solax fell and almost immediately died

The defendant denied in his testimony that Solax showed any money, but said he loaned Solax $4. That Solax and Mollie Patton went into one of the other rooms and remained a short time and that then Solax returned to the saloon and wanted to borrow $10 more. Tarter told Solax he had bills to pay and could not loan him the money and that Solax replied, "You old ——— — ——, you won't loan it to me because you are afraid I will not pay you." Solax then turned and went out of the house and Tarter says he went out on the porch after him, but returned to his bedroom and got his rifle. When he again went out with his rifle Solax was standing on the ground a short distance from the end of the porch. Solax facing him again asked Tarter if he was going to loan him that $10, and Tarter said no. Tarter says that Solax then advanced toward him and said, "Shoot, you old ——— — ——," and he shot.

These are the vital points in the testimony as to the transactions of that day.

The case was argued by all four of the attorneys, Mr. Duncan closing in a half-hour speech Wednesday afternoon, when the Court instructed the jury. After being out less than an hour the jury returned a verdict of "guilty of manslaughter."

Arad Howe Trial

The trial of Arad Howe on a charge of assault with a deadly weapon with intent to commit murder, began Thursday morning in the superior court. The alleged assault took place in Willits. [illegible] been acquitted [illegible] who was shot in the [illegible]

ing his testimony he did not [illegible] all anxious to see the defendant [illegible] victed. On the contrary he admitted enough to show that he considered himself much to blame. He had [illegible] defendant a few minutes before shooting and had used foul [illegible] insulting language toward [illegible] It was proved that defendant [illegible] gone to a gunsmith a few [illegible] before the shooting and purchased revolver and cartridges, and [illegible] then gone to the Palace saloon [illegible] shot Weaver. Weaver and [illegible] had a scuffle and four shots were fired by Howe. Weaver was hit [illegible] the left side and a bystander was struck in the left side of the face, but the wounds were not serious. Attorneys Craig of Willits and Pemberton of Ukiah appeared for the defense. The jury found the defendant guilty of assault with a deadly weapon.

Citizens Object.

Mr. Suit, the gentleman who some time ago bot a sawmill out Low Gap way proposes to erect a planing mill, sash and door factory and lumber yard on the Barnes lots south of Chessall & Layton's blacksmith shop on State street. Ukiah would welcome such an establishment as this under proper conditions but property owners in the neighborhood of the proposed location strenuously object to having it located so near them and on the main business street. They claim that such industries should be located farther out from the main business and residence part of town, and that in this case the proposed establishment would be a public nuisance besides a menace to property in case of fire and would tend to increase the cost of insurance. As nothing can be done to prevent a public nuisance until it is done and susceptible of proof, the only way the objectors could proceed would be to have the city fire limits extended. So on Wednesday night an ordinance was introduced in the board of trustees to extend the fire limits to cover that block. The ordinance will be acted on at the next regular meeting. We understand that Mr. Suit has retained counsel to fight the ordinance before the board.

Lodge Meeting and Social.

Pocahontas Lodge met Monday night in Sanford's hall. Miss Bond of San Francisco. was present, and assisted the new officers with some welcome advice. After the business of the lodge was concluded some invited young people came in and there was dancing, games, etc. The hall was beautifully decorated by Misses Wisecarver and Mathews.

The Lecture Tonight

Attorney John L. McNab will deliver a lecture at the Presbyterian Church this (Friday) evening, beginning at 8 o'clock. Subject, "The Footsteps of Empire." It is a fine subject and no doubt it will be a fine lecture. It will be free to all and the house ought to be filled to the doors.

A Trip to Europe.

This interesting and [illegible] comic opera will be rendered by [illegible] son & Yorke's opera house [illegible] evening of June [illegible] Carothers' class [illegible] drilling and exercises [illegible] now going on. [illegible] ment promises [illegible] season.

Do Not be Imposed Upon

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by E. B. Gibson.

Warning

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. For sale by E. B. Gibson.

To Cook California Prunes

The prune raisers of the Santa Clara valley, realizing that their prosperity depends upon the popularizing of the prune as a regular article of diet, have set about the work of establishing a special exhibit at the St. Louis fair where prunes cooked in every conceivable style by experts in the business will be served free to the general public. The idea is a good one, for there is no reason why the present consumption of dried prunes should not be doubled or trebled by properly advertising their merits.

Quick Arrest

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at Mathews Drug Co.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subcribed for separately is $3.50.

The Richest Man in the World

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." A Startling Test

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Mathews Drug Co.

Ripley Denies Agreement Exists

Last Tuesday's Examiner had the following concerning the plans of the Santa Fe in Humboldt and Mendocino:

"The Santa Fe has commenced construction work on its line to Eureka in Humboldt county," said President E. P. Ripley of that company, who was in the city for a few hours yesterday before departing for the East by way of Los Angeles. "Men have been put at work boring a tunnel 1000 feet long in Humboldt county near the southern end of the Eureka and Eel River road, which we own. The entire route southward from this tunnel has not yet been definitely decided upon but will be in the very near future. W. B. Storey, the engineer in charge, is preparing a report on the subject and not until that document is finished and acted upon can further details be made public.

"The story published in a San Francisco paper that E. H. Harriman and myself had agreed to jointly use the California Northwestern line between Tiburon and Willits was absolutely false. The Santa Fe plans to build a line of its own all the way to Eureka and thereby place itself in a position to handle its share of the lumber traffic of the great redwood district of the world."

MENDOCINO PICK-UPS.

From the Beacon.

The Grand Chapter, R. A. M., of California, at its recent session granted a charter to Mendocino Chapter, No. 88, R. A. M. The installation of its officers will take place sometime during this month.

In attempting to show Eugene Bailey how the log-rolling act is done, Roy Switzer was treated to a salt water bath at the boom last Tuesday. He was rescued from a watery grave by his pupil, with the help of a pickpole.

A house belonging to Wm. Heeser and situated just south of the brewery was destroyed by fire early Wednesday morning. The house was unoccupied at the time, and the fire was evidently started by tramps. There was no insurance.

The south side of the mill has been shut down since Thursday of last week, owing to the breaking of the piston on the logging carriage. Work will not probably be resumed until Monday as it was necessary to send to the city for a new piston.

After serving the public for a period of twenty-five years or more Bever Bros. have retired from the hotel business and have taken up their residence in their cottage on Little Lake street which they are having thoroughly renovated and repaired. They will be greatly missed by their patrons and the traveling public in general.

W. C. Bucholz, for many years a resident of Fort Bragg, died at that place last Tuesday morning at two o'clock. Mr. Bucholz was a native of Germany and had resided in Fort Bragg since 1889, being almost forty years of age. He leaves a sister and two brothers, besides other relatives, to mourn his decease. The funeral took place Wednesday afternoon at two o'clock from the family residence.

Fred Klinke and Miss Jennie Fee, two of our town's popular young people, were united in marriage at the residence of Mr. and Mrs. Eugene Brown last Saturday afternoon by Rev. R. J. Campbell. The wedding was a quiet one, only a few friends and relatives being present. Immediately after the ceremony the happy couple left for Fort Bragg to spend their honeymoon, returning to this place Tuesday where they were greeted that evening by a lively charivari, which had been planned by their many friends.

An Open Letter

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by Mathews Drug Co.

Just Lots of Cats

The Santa Rosa Press-Democrat started a puzzle department last Sunday, the puzzle being as follows:

"If it takes three cats three minutes to kill three rats, how many cats will it take to kill one hundred rats in one hundred minutes."

Lots of answers were sent in the next day and it is amusing to read some of them. They run all the way from 1 to 300 cats, one lady being certain the correct answer is 33⅓ cats. This "puzzle" is a perfectly straight mathematical problem, with no "catch" in it, and yet the answers given are widely apart, showing that you only have to call a thing a puzzle to make it seem so.

FROM FORT BRAGG.

From the Advocate.)

Mr. Betz and his crew of men have the foundation for the new bank building about completed.

The Monroe Lumber company have a big crew of men at work and expect to have their new mill running by the middle of June.

The steamer Acme left here Saturday afternoon for San Francisco with the bark Tidal Wave in tow. The Acme had on board 470,000 feet of lumber, and the Tidal Wave 560,000 feet.

The fireman of the Acme indulged the other day in what he termed scab whisky. When he went on board he made an attempt to run the ship, the chief engineer finding it necessary to knock him down with a steel bit, which he broke over his head. Dr. Lendrum's services were required to dress the wounds, the fellow no doubt getting just what he deserved.

The James S. Higgins arrived here Saturday on her maiden trip, in command of Captain W. F. Higgins. She is a steam schooner, of graceful lines, with a carrying capacity of about 400,000 feet of lumber, costing her owners $60,000, and is fitted with all modern improvements, including an electric light plant. She has accommodations for 45 passengers, her state rooms being large and nicely furnished, as well as the dining room and other apartments, and on her trial trip she developed a speed of 10 knots.

Steamer Pomo

Leaves Albion every Monday noon for San Francisco, touching at Point Arena. Leaves San Francisco every Thursday at 6 p. m., Mission wharf No. 2, arriving at Point Arena 6 a. m. Friday morning and at Albion at 8 o'clock. The steamer is a new one and has the best of accommodations. If you are going by water, take the steamer Pomo. For further information apply to Swayne & Hoyt Co. 426 Battery St., San Francisco or Albion Lumber Co., Albion, Cal. tf

There will be only two teachers in the Point Arena Grammar school next year as the number of census children has fallen off about thirty. But the proposed High school will make up for the apparent loss.

A Sure Thing

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all throat and lung troubles. Thousands can testify to that. Mrs C. B. Van Metre of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Mathews Drug Co. Trial bottles free. Reg. sizes 50c, $1.00.

Henry M. Stanley Dead

Henry M. Stanley, the great African explorer and writer, the discoverer of Livingstone in the heart of Darkest Africa, died at his home in London, England, on Monday, the 9th inst. Stanley was born near Denbigh, Wales, but spent most of his early life in the United States. He was a famous war correspondent for a number of years.

Whooping Cough

"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by Mathews Drug Co.

Election for Postmaster

An election was held last Friday at Chino, in this state, to decide the question of who should be postmaster for the next four years. With three avowed aspirants in the field, to say nothing of any number of "dark horses," the powers that be sidestepped responsibility by asking the citizens to decide the question among themselves, which they agreed to do. This was an ingenious way out of the difficulty, although if it were generally followed a good many men who are now drawing down fat salaries from the government would be doing something else for a living.

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Mathews Drug Co.

Indians That Made History

The famous Red Clud, head chief of the Sioux nation, who is 95 years old, is one of the most interesting Indians to be seen at the World's Fair. This is the first time Red Cloud has attended an exposition. Chief Joseph of the Nez Perces is also at the fair for the season. These two chiefs accompany a party of 350 Indians from the several northwestern tribes at the Pine Ridge agency in South Dakota.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the wornout tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." For sale by E. B. Gibson.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz.: Fulton Compounds.

It is now well known that dropsy is not in itself a disease, but is nearly always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence up to the discovery of the Fulton Compounds, dropsy was incurable. It is now, however, curable in nearly nine-tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Goyhenix, of 928 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid. Her heart also gave her the usual trouble and she was in such a serious condition the relatives were sent for. They put her on Fulton's Compound. It stayed on the stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual till her recovery was complete. This case was examined into by representatives of the San Francisco Star and the Over-land Monthly, and the truthfulness of the case and the recovery were fully verified in their columns.

Mrs. Thomas Chenoweth, of 1329 Sacramento street, San Francisco, was also another dropsy victim, and had to drain off about three gallons of water every day. She gained twenty pounds, became free from dropsy, and regained her normal weight. Mrs. Chenoweth said she was done with doctors and thought the best four physicians could do for her was to give her Fulton Compounds. This was in addition to the many other testimonials we have in our possession.

News From Potter

POTTER VALLEY, May 12—Vaughn Fraser is getting things ready for lumber work. A wagonload of men was brot up from Ukiah the other day and they, with a number of other hands, are up on the lumber grounds. The sawmill is being moved and will soon be running. A big summer's job is ahead in the pines.

John Gavin has finished a fine freight wagon for the Hughes' ranch. Its iron axles, fine woods in frame and wheels, with doubles brakes for mountain use, make it a valuable vehicle. It is nicely painted. Jack knows how to do good work.

Dave Burkhard and family are back in Potter Valley after a year and a half's absence in Orange county. They expect to move onto their ranch this fall when the period of rent expires. They are glad to get back into a good country.

Gene Holbrook has torn down his old barn and a new one is being built with better conveniences. He has built a nice wire fence around his yard, which adds much to the home.

Mrs. Charles Frasier and Mrs. Fisher Day went up to Centerville Monday to visit with their cousins, Mrs. Spears and Mrs. Gwin.

Mrs. Dick Hughes brought her little ones down to Eli Jones last week to have their pictures taken.

Miss Nettie Fowler is back home from her extended visit in Tehama county. Many friends rejoice with her mother at her return.

The freight man, Washburn, took two big loads of family furniture out to the Day resort last week.

Many people were frightened Sunday night between 10 and 11 o'clock by an earthquake. No damage was done.

Charles Carner has been papering some in the Marders hotel. Its proprietor, Mr. Robert Marders, has been a sufferer this week. He is improving.

Miss Carrie Garsey and her relatives from the East went to Lierly's resort last week. She returned Wednesday morning and opened school. They return to Ukiah last of the week.

Mrs. Goodrich of Ukiah came up last week to look after her daughter, Miss Jennie, who has been suffering with the measles. Miss Jennie accompanied her mother home, and is improving.

The crops in the valley are promising a good yield. The fine weather we are having is bringing out the grain, hops, fruits, corn and vegetables. There will be a good harvest for man and beast.

The sheep-shearers who have been busy in the Sacramento Valley have returned. They report a good time. John and George Gibson, Jake, Sam and Edgar Wattenberg and others made the shearing company. They are ready to continue their trade at home.

Mrs. Gavin and Mrs. Thomas and Leon Graves and his sister, Miss Nettie, were in Ukiah first of the week.

The Lierly resort stage is running now, and will be busy from now on.

Mrs. Rippey is in Ukiah with her sister, Mrs. Bevans. A little stranger has come into the home, and Mr. and Mrs. William Hopper are grandparents.

The wedding fever has broken out in Potter. It seems to be catching, or contagious. A little while back a young couple slipped off to Ukiah and were wedded. George Shinn took encouragement from the movement, and last week he took Miss Brown and went to Santa Rosa, where he promised to love her as long as they both should live, and came back home a happy man. Roberts, the storekeeper in Centerville, seemed to take courage from Shinn's example, and he and Miss Kate Busch, proceeded a little farther from home, went to San Francisco and were married and went on to the World's Fair for their honeymoon trip. The friends of all these young couples wish them success.

Covelo News

(Delayed in transmission.)

COVELO, May 3d, 1904.—An election was held in the schoolhouse Saturday, the last day of April, to see if we should have a building for our prosperous little high school. Glorious fact! We got it with a vote of 110 to 18. Now Covelo is one of the educational centers, as it were, of Mendocino county.

Did anyone ever see so much rain at once? But the farmers say our crops are saved by this last downpour so probably that will reconcile the maidens hereabout to being deprived of wearing their lovely summer gowns and the wonderful new creations known as hats.

The Hop, Wheat and Barley Association has the great Henley ranch rented and all the spare men of the valley and their teams are now busy plowing preparatory to planting hops. Rumor says the men get three dollars an acre for plowing. That will mean riches galore in Round valley.

A social dance was enjoyed on Monday night at the Covelo hall. A large crowd was in attendance and a swell supper was served at the Covelo French restaurant of which Nat Squires is proprietor.

Covelo boasts of two millinery stores. Mrs. Perry has quite a display of hats while Mrs. and Miss Redwine have the best of everything in that line, shipped direct from San Francisco.

A sad death occurred in our midst last Friday morning when Mr. Tozier, father of Mrs. MacKay, was called to rest. The deceased was seventy years old and has been an invalid for a number of years, altho he possessed a very bright intellect and was a delight to all who knew him. He was buried in the local cemetery Friday, Rev. Shillinger officiating. W. V.

Dr. Annie R. Watkins, who is a graduate of one of the oldest colleges in America, is at the Arlington hotel until June 11th.

Dr. E. G. Case went to San Francisco Monday to attend the meeting of the Grand Council, Ancient Order of Foresters.

Miss Bonnie Gaine, who so severely burnt her right hand over two weeks ago, is not improving as fast as her many friends would like to see her.

A blaze was discovered in a pile of papers near the girl's entrance to the Ukiah grammar school building early this week. A passer-by extinguished the fire, which some think was set with incendiary intent.

Emma Lempke has resigned her position at the store of H. Marks & Co. and Mrs. Rena Shattuck has taken her place in the store. Miss Lempke will go south with her mother.

Colonel Abe Marks will depart Sunday for Bakersfield to attend the Grand Council of the Uniform Rank Knights of Pythias, and Will Lucas will go to the same city as a delegate to the Grand Lodge, K. of P.

It is said that Len Barnard will have his Fort Bragg stage line connect with the railroad at Sherwood about June 1st. It is also stated that the Union Lumber company will run a passenger coach to the terminus of its road, which is only twelve miles from Sherwood, so there will be only twelve miles of stage horseback ride [illegible]

The votes will be counted on June 1st, giving ample time for the mail to reach this office.

Fatal Accident at Greenwood

Marvin M. Merrell, a brakeman on the Elk Creek railroad, met with a terribie death last Wednesday in attempting to couple two carloads of logs.

It appears that he stepped between the cars to make the coupling not noticing that the logs projected beyond the drawheads and while in that position was caught and the life almost crushed out of him. Medical aid was at once summoned but he lived only a few hours after the accident.

Merrell was a popular young man in that section being well liked by all who knew him. He served as a volunteer in the late Spanish-American war, being wounded in the leg while in the service, and received a pension from the government. Only a week or so before the accident Merrell had joined the Native Sons' lodge at Greenwood.

News of his death was telegraphed his relatives in Oakland and they arrived in time to attend the funeral yesterday afternoon. — Mendocino Beacon.

Supplies for the Several State Hospitals.

Commencing July 1, 1904, and ending June 30, 1905.

NOTICE IS HEREBY GIVEN THAT SEALED proposals will be received at the State Hospitals located at Stockton, Napa, Agnew, Ukiah, and Patton, and the Home for Feeble-Minded at Eldridge, up to those hours designated by the Boards of Managers of the several said hospitals for opening bids on June 15, 1904, for furnishing furniture and household goods, provisions, fuel, forage, drugs, clothing or material for clothing, and all other supplies for the said hospitals, for the twelve months ending June 30, 1905. Bids will be awarded on articles. Taking into consideration quality, prices, and fitness, preference will be given to articles manufactured or grown in the State of California. Blank forms and schedules of supplies needed may be obtained by applying to the hospitals above named, or to this commission at its office in Sacramento. The several Boards of Managers reserve the right to reject any or all bids.

LIGHT AND DARK.

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes. The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing.

Ill-health in woman is generally due to diseases of the delicate female organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. Round Valley Land Bill

We have before us an authentic copy of the Round Valley Land bill which was first introduced in the House by Congressman Bell and prevented from passage by the single objection of Congressman Livernash. It was then introduced in the Senate by Mr. Perkins, favorably reported and sent back to the House for final action, but failed of passage because Livernash started in to talk it to death twenty minutes before final adjournment. Following is the official text of the bill:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all lands relinquished from the Round Valley Indian reservation, in the state of California, under an act entitled "an act to provide for the reduction of the Round Valley Indian reservation, in the state of California, and for other purposes, approved October 1st, 1890, which have not heretofore been disposed of, shall be surveyed in accordance with the government surveys and shall also be reappraised exclusive of improvements by a commission of three disinterested persons to be appointed by the President, or by a trusted inspector or special agent of the Department of the Interior, as the President in his discretion may direct. The said lands when surveyed and appraised shall be subject to settlement and entry under the provisions of the homestead laws of the United States; and all actual and bona fide settlers upon said lands on January 1st, 1904, shall have a preference right to enter and hold the lands actually occupied [illegible] respectively, not exceeding [illegible] and they shall be credited [illegible] time they have actually occupied the same on the time required [illegible] perfect title as homestead [illegible] each entryman of any of [illegible] for the same at [illegible] payments to be [illegible] annual payments, [illegible] per cent per annum [illegible] appraised price, receiving credit for payments previously made. In addition to the price to be paid for the land the entryman shall pay the same fees and commissions at the time of commutation or final entry, as now provided by law, where the price of the land is $1.25 per acre: And provided further, That aliens who have declared their intention to become citizens of the United States may become purchasers under this act, but before proving up and acquiring title must take out their full naturalization papers: And provided further, That all lands opened to settlement under this act remaining undisposed of at the expiration of five years from the taking effect of this act may be sold and disposed of for cash under rules and regulations to be prescribed by the Secretary of the Inrerior.

SEC. 2. That the funds arising from the sale of said lands shall be disposed of as provided in section 4 of the act of October 1st, 1890, providing for the disposal of the Round Valley Indian reservation."

University of California

UNIVERSITY OF CAL., May 7th, 1904.—Five hundred and ten students will receive degrees from the University of California on Commencement Day, May 18th. Of this number, 116 are from the Colleges of Law, Medicine, Dentistry and Pharmacy, and thirty are the recipients of higher degrees. The Commencement exercises will be held in the Greek Theatre. The speakers, who are all members of the graduating class, will be Max Thelen, of San Diego, Herbert McLane Evans of Modesto and Miss Elizabeth Arneille of Ventura, for the colleges at Berkeley; and Frederick Louis Drehe from the Hastings College of the Law and George Asa Harker from the College of Medicine. Rev. Carroll Melvin Davis, a alumnus of '79, and now rector of Christ Church Cathedral, St. Louis, [illegible] commencement exercises, and Governor George C. Pardee, also '79 will present the military commissions on behalf of the state.

Three thousand dollars has been promised to the University by the California State Walnut Growers Association. This money is to be expended by the Agricultural Department in investigating and endeavoring to discover a remedy for the walnut blight.

The overland stages now connect with the railroad at the Sherwood [illegible] Willits.

ST. LOUIS EXCURSIONS.

The Santa Fe will sell first-class excursion tickets at the rates and on the dates named below:

DATES OF SALE.

May 11th, 12th and 13th.
June 1st, 2nd, 15th, 16th, 22nd, 23d.
July 1st, 2nd, 7th, 8th, 13th, 14th.
August 8th, 9th, 10th, 18th and 19th.
September 5th, 6th, 7th and 8th.
October 3rd, 4th, 5th and 6th.

LIMITS.

On the eastward trip these tickets will be good to start only on the dates named and no stopover can be made west of the California State Line. They will be good for 10 days to reach either St. Louis or Chicago, so that east of the State Line stops may be made.

This admits of seeing the Grand Canyon going East.

Westbound, the tickets will be good for 90 days after the date of sale and permit stopover anywhere en route, so that either Eastbound or Westbound, or both, this admits of seeing the Grand Canyon.

THE RATES.

To St. Louis and back, $67.50.
To Chicago and back, $72.50.
Other rates are available, but these are the rates for the direct line.

THE CALIFORNIA LIMITED.

These tickets are good for passage on the greatest of all trains—the California Limited. The only limited train in operation.

Great advantages offered to young men and women who wish to educate for business.

Preparatory Education Necessary

An ordinary English education will be all that is required on entering. Students found deficient in any of these branches will receive particular attention in those studies, and may graduate with as high honors by spending a little more time in the institution.

Individual Instruction

Our success in preparing our pupils for good paying positions is due largely to the fact that our scholars receive practical, individual instruction. We not only give a COMMERCIAL COURSE, but also a THOROUGH PRACTICAL BUSINESS TRAINING, that will fit all for good paying positions.

The Business Course Includes

Business mathematics, book-keeping, commercial law, banking, business forms and practic, letter-writing, spelling and good plain spencerian penmanship.

The Shorthand Department

Includes shorthand (Pitman system), typewriting (Smith Premier), spelling and business letter writing. No classes are formed; students may enter at any time. Our success in teaching can best be known by a personal interview with any of our pupils, whose names will be furnished upon application to the college.

A Few Fugitive Thots

Some of the papers are discussing the cost of modern war, and the waste of money involved in it. Upon this subject General Will S. Green of the Colusa Sun declares the money is not wasted, but is only passed from one to another. That is true. In that sense money is never wasted, except such money as may be hoarded and kept out of circulation. Money is of no value, except as it is kept at use in facilitating exchanges. But General Green argues that while wars are to be abhorred, the effect of war, so far as money and cost are concerned, is to take money from the hands of the incompetent and transfer it to the competent and that this transfer conduces to progress. There is plausibility in this argument when viewed from one side only, but there are two sides to every shield, and while one side may shine gold-bright in the rush of battle, the other may be in sombre black. This thing called progress is only a relative term, and what we call progress may often prove to be retrogression. Commercial and industrial progress are not of such immediate importance as to justify war, accompanied as it always is by murder, robbery, arson, debauchery and all the crimes known to humanity. The world is already old. War has already blotted out civilizations as great and probably as progressive as ours. No man can tell how much farther advanced the world might have been had there been no war. And the world will probably exist for innumerable ages yet to come. Progress will have plenty of time in which to work—to solve the problems that will be continually unfolding. War is evil in all its aspects. "Shall we do evil that good may come?" "God forbid." Mankind is a great, vast brotherhood. The competent should protect and care for the incompetent. The competent have no right to rob the incompetent. Our "civilized" minds are horrified when we read that certain savage tribes leave their aged and incompetent ones to starve and yet General Green says, and the world will applaud, "the faster the earnings of the incompetent are given over to the more competent, the faster will the resources of the country be developed, and adds that "the herds of robbers bred by war develop the country." Better then that the country be undeveloped. Better that we stop right where we are than to predicate our future progress upon robbery and murder. Or better still that we call into action the better parts of human nature and try to devise some plan by which we can make progress without nationally and individually perpetrating all the crimes known to the human race.

Tradition tells us that away back in the generations past and forgotten there was a Golden Age. That age will never return while wars subsist. And who made it right to transfer the earnings of the incompetent to the more competent? It is true that Holy Writ says: "from him that hath not shall be taken even that he hath;" but that was spoken of one who had earned nothing. If the incompetent are competent to "earn" they of right ought to enjoy the fruits of their earnings unmolested, and the progress which depends on robbing the incompetent is heinous in its nature. The above thots are not set out in very symmetrical order, but they serve to indicate that the world's civilization of today is sadly lacking in many respects. The world thinks still along the line of "Might makes Right." Governments exercise their powers along that line, our own government not excepted. Our schools are unconsciously teaching it. The golden rule is good enough for your friend and next door neighbor in private concerns, but when it stands in the way of socalled progress, it must be thrust out of sight.

Why Does Crime Increase?

A Republican contemporary asks:

"What is the matter with this great-hearted, free and enlightened country of ours that it should be so much less well behaved than others? Why should life be so much less safe here than it is in other lands, and crime on tae increase rather than on the decrease?

Is it poverty? There is more dire poverty in the single city of London than in all the greater American cities put together, and yet the smallest of these witnesses more crime committed against life and property than all London.

Is it because of the war spirit that has found increase of accentuation in American life in recent years? The United States army is a mere handful of men compared to the standing armies of Europe.

What is there in the nature of things that should cause more murders to be committed in the United States every year than are committed during the same length of time in all Europe?

There must be an adequate cause for this condition of affairs, and if attention be addressed to seeking that cause it can certainly be discovered."

The question is a profoundly important one and it is the duty of the American people to discover the answer and find the remedy. The facts stated in the question cannot be disputed. We think that several things conspire to produce the conditions indicated.

Our system of education is faulty, in that the young are not taught properly the importance of obedience to law. We put flags on our school houses and teach the children to shout for it, but we do not sufficiently stress the obligations of good citizenship. There is not enough moral teaching in the schools and in the home. We tinker our laws too much. Our constant changing of laws, lessens respect for law in general. In thousands of instances our courts and peace officers are remiss in enforcing the laws. There is too much graft. The records of the courts and of congressional investigations prove that there is a long chain of graft in official life, from the town policeman up to the door to the national cabinet.

America has deified money. The rich thief when detected goes scot free and the poor man sees it. He loses all respect for a law that is not uniform in its operation. He sees that wealth is all powerful. A sum of money will clear a guilty man of murder, or any other crime. These are a few of the reasons why crime increases. There are others, among which may be mentioned the non-homogeneous character of our population.

THE Ukiah High School now possesses seven trophy cups and numerous medals, won in athletic contests with other schools. The personnel of the Ukiah team has changed more or less every year, new young men being added as the old ones have graduated and stepped out. It has often been said, as some of Ukiah's best athletes have left the team, that her lucky days have ended and that the new material will never equal the old. And yet our team has gone on winning victories with an occasional defeat. The important thing we learn from these facts is that the climate of Ukiah is wholesome and conducive to vigor, strength and activity. If there were anything debilitating in our climate it would at some time show itself in the work of our athletic team. Ukiah air is singularly pure and its water free from alkaline impurities.

Theo. Bell's Welcome Home.

Congressman Theo. A. Bell reached his home town of Napa on the 10th inst., and he was given a right royal welcome. The citizens generally had united with the Napa Aerie of the Fraternal Order of Eagles, of which Mr. Bell is a Past Worthy President and Grand Trustee, to give a reception, the memory of which would linger with him to the end of life. He was met at the Vallejo boat by a committee of the Vallejo Aerie of Eagles and escorted to Napa, where a similar committee from the Napa Aerie was awaiting him at the depot. More than half the city was out to greet him. At 8 o'clock a grand procession was formed which, headed by a band, marched to Mr. Bell's home, and thence to the City Hall and thence to Court House Square, where speeches of welcome were made. A great banquet was held at Turner Hall, where toasts were proposed and more speeches made. It was a magnificent welcome home to a faithful official.

Death of Marvin M. Merrell

One of the saddest accidents that has occurred here was that of Wednesday last, when Marvin M. Merrell, a young brakeman on the Wood's logging train, was crushed and fatally injured while endeavoring to couple two loaded cars together.

The unfortunate affair took place about 3 o'clock and happened at the round-house near Camp 3.

Help soon came to the young sufferer's relief and his faithful brother, Jack Merrell, who is a filer nearby, assisted by friends and the company's managers spared neither time nor means to help the afflicted boy. But human skill was of no avail and after eleven or twelve hours had passed death's angel came and led the spirit forth into the Great Beyond.

Marvin was an orphan, so no mother nor father is left to grieve at his sad fate. But there remain several loving brothers and sisters and a niece to mourn over his untimely death.

His sister, Mrs. W. B. Amner, and husband, and Ed. Merrell of Oakland, after a difficult journey, succeeded in reaching Greenwood Friday in time for the interment, which took place at 5:30 P. M. from the Methodist Church, where Rev. Holbrook conducted the services amid a large crowd of friends and fellow-workers.

Deceased was only a young man of 27, but his life had been usefully spent, as he had held several good positions and done his duty to each.

At the breaking out of the Spanish-American war, he enlisted and became a private of Company M of the Forty-second Regiment of Infantry, and for two years discharged the duty of a soldier in a very commendable manner.

He took part in several battles, skirmishes and campaigns, and acted as scout in several instances. He received a number of bad cuts and bullet wounds while fighting for the Stars and Stripes, and was ill with fever several months, but survived all and was mustered out July 5, 1901, with words of praise for his excellent character and services which were pronounced honest and faithful.

It seems hard to think that he went thru all these dangers and came back to his native state and country to meet so sad and dreadful a death. But we trust that he who has been so good a brother, faithful a friend and so honorable a soldier will find peace and happiness in "Heaven's best gift rest—rest from all bitter thots and things," and "when the sunset gates unbar let us hope that his shall be the beckoning hand to guide his dear ones to the Better Land." X.

ELK, Cal., May 10, 1004.

Last Monday was wool-sale day at Marysville and most of the wool was sold at prices ranging from 11⅛ to 17¾ cents. About 33,000 pounds remained unsold. The sales made were 117,572 pounds. The 11⅛ wool was of last fall's clip.

The celebration for the Fourth of July is now assured. Over $700 has been subscribed and more is promised. The celebration will last three days.

Sunday-School Convention.

The First Annual Convention of the Mendocino County Sunday-school association will be held in the M. E. Church South at Ukiah, beginning at 7:30 o'clock Monday evening, June 6, 1904, and continuing Tuesday morning, afternoon and closing Tuesday evening, June 7th.

This is an international convention and every Sunday-school worker of every denomination in the county is urgently requested to attend. The five meals and two nights' entertainment will be provided by the churches of Ukiah, free to all who will come and attend the convention. Some able speakers and workers will be present. Bring your Sunday-school problems along and get some practical advice and suggestions. Come and tell your successful methods to others. A most helpful program is being prepared. Pray much for the convention. All who will attend please send name to Mrs. A. McCorquodale, County Secretary, Ukiah, Cal., as early as possible.

L. K. VAN ALLEN,
County President.

"Ukiah Wins."

Under the above heading the Healdsburg Tribune of Thursday remarks:

"At last the much-looked-forward-to Sonoma-Mendocino Amateur Athletic League Field Day has become a matter of history. Ukiah came. They ran. They conquered. But it must be said that they did not win without a hard struggle with the other league schools, comprising the Santa Rosa, Petaluma and Healdsburg High Schools."

All the more glory to the Ukiah team. There is something to shout about when you conquer a worthy competitor.

Christian Church Notes
